Dear Mr. Heenehan:

This confirms our telephone conversation this morning concerning the request for information sent to Monsanto Company by the EPA, dated June 7, 1983 and received June 13, 1983. In view of the difficulties involved in gathering the information requested in the relatively short time period mentioned in the request, it was agreed that I would mail Monsanto's response no later than July 15, 1983.

Your cooperation in this matter is appreciated.

Yours very truly,

Phocion S. Park
Environmental Counsel
